Susan:

Every day, young people are graduating from high school and moving on to become our community's leaders. And because they had excellent opportunities, including top-notch teachers and high academic standards at the secondary level, they have become excellent college students, with a firm grounding to move into areas that can change the world.

But excellent secondary education isn't available for every child. In today's economy, it is getting more difficult to find and keep the resources necessary to ensure success for all.

That's why your help is vital. The Great Learning Academy provides 10 scholarships each year to deserving students who otherwise could not afford the chance to attend a great high school.

Joining me in making a gift to the GLA Foundation of \$<<AMT>>, \$<<AMT>>> or even \$<<AMT>>. Together, we can demonstrate our belief in our community's young people and offer them the key to a future bursting with opportunity: access to the community's best independent high school program.

If possible, I invite you to join the Visionary Council with a gift of \$250. This special group of donors will receive unique benefits to recognize their extreme generosity.

Please respond today...your gift will change the future of a bright student in need!

Yours,

John Henkel  
Foundation President
